

Xenexx connection cord – 2.5mm (3 pole)

Xenexx connection cords are designed for use with corded Jabra, Plantronics or Xenexx Headsets. The cord is available with either Jabra or Plantronics QD (Quick Disconnect). A 2.5mm plug on the other side of the cord has been tested for compatibility with CISCO, Grandstream, LG Ericson, Panasonic, Polycom, Snom and Yealink IP phones.

When coiled, the cord has a length of 54cm and can be stretched up to 1.5m. In a second version this cord is available as 120mm straight cord. Made from TPE reinforced Kevlar[®] the cord is built for maximum strength. Xenexx cords are tested to withstand 20,000 cycles in bend and strain tests to guarantee highest quality.

The cord is compatible with IP phones in the list to the right.
