ML 504 USB cord Plantronics or Jabra QD to USB plug

Xenexx connection cords are designed for use with corded Jabra, Plantronics or Xenexx headsets. The USB connection cord is available with either Jabra or Plantronics QD (Quick Disconnect).

Connect your headset to your PC or Mac using this connection cord with USB adaptor. The 1.8m cord features volume control and a mute switch. With MS Lync/Skype for Business, you can also use the dedicated call connect/disconnect button. On a Windows PC drivers are self-installing when you insert the USB cable for the first time. A Mac will detect the USB cord and lets you install drivers easily.

Made from TPE reinforced Kevlar[®] the cord is built for maximum strength. Xenexx cords have been tested to withstand 20,000 cycles in bend and strain tests to guarantee highest quality.

This USB cord allows connecting your Headset to any computer, so you can use applications such as:
